SKILLS

| Microsoft365 | HTML | Canva | CSS | Tailwind |

| Figma | Photoshop | MySql | Visual Studio Code |

KEY ACHIEVEMENTS

⭐ **Figma Expertise**
Gained proficiency in Figma for UI/UX design, mastering tools for wireframing, prototyping, and collaborative design work. Produced intuitive and visually appealing design concepts for web and mobile applications

⭐ **Creative Projects**
Worked on various design projects, applying artistic concepts and principles learned in the Arts College program. Produced aesthetically pleasing and user-friendly designs, demonstrating strong creativity and attention to detail

💬 **Collaborative Design Work**
Collaborated with peers and clients on design projects, showcasing ability to incorporate feedback and refine projects to meet specific user needs

💬 **Visual Storytelling**
Applied skills in visual storytelling to create engaging designs that effectively communicate ideas, enhancing user experiences across digital platforms

🚩 **Smart Attendance System**
Developed and designed a smart attendance system, streamlining the process of tracking attendance through modern tech solutions, enhancing efficiency and ensuring accurate data recording

➤ **Website Development**
Contributed to the design and development of multiple websites, utilizing modern design tools and web development techniques, creating responsive, user-friendly websites
